Our Vandal resistant, stainless steel, smart SSP-363-F telephone with CAC Software provides call restrictions that include call blocking, allow table for exception numbers, automatic disconnect, automatic dialing of access code when handset is lifted, speed dialing and incoming call block. The PRF software will allow phone to speed dial only. 93 speed dial locations are available and no other dialing will be allowed. Incoming calls are not allowed.	Our Vandal resistant, stainless steel smart autodial panel telephone will program up to 25 digits plus access code prefix dialing. The SSP-363-D-M is equipped with the Sealed Magnetic Hookswitch with no moving parts (-M) and 32" armored cord handset. This phone gives users a quick convenient way to connect and gives our customers an industrial, durable, autodial telephone solution with our commitment to ensure excellent service and customer support.	Our Vandal resistant, wall mount, stainless steel 12 number automatic dialing telephone is used for secure entrance to offices, buildings or parking. Each button is field programmable to speed dial a single number from 1 to 23 digits. Incoming calls may be restricted or allowed. The telephone is equipped with a chrome plated keypad, 32" armored cord handset with steel lanyard, tamper resistant security screws and flush mounting box.	Our Vandal Resistant, Stainless Steel SSP-363-FE Panel Telephone comes equipped with 12-button automatic dialing vertical keypad, and rough-in mounting box. Software includes call restrictions, time out feature, speed dial, and PBX prefix dialing capability. This phone is commonly used for secure building access such as apartments, gated community, offices, hospitals and garage entrance.	<b>LET US HELP YOU TO BUILD YOUR OWN PHONE!</b>  The SSP-363 Smart phone Series is a stainless steel surface/wall mount telephone with armored cord handset. The "-SW" wall/surface mounting box is available for all SSP-361 model telephones making them ideal for all your surface mount applications.  Call us for assistance at: <b>863.357.0798</b>
