

SSP-371(3) SERIES

Stainless Steel, Vandal Resistant, Rugged Telephones Built to Last

CEEEO's SSP-371 Series unique design make this telephone a perfect fit for applications that require a recess mount or slant mount telephone. Our SSP-371 Series is popular for Elevators, Kiosks, ATMs, Baggage Claim Terminals, and other customer service locations that require a recessed flush mount phone. This series is equipped with a durable stainless steel panel and hearing aid compatible, industrial grade coiled cord handset. The SSP-371 series uniquely designed magnetic hookswitch is activated by a magnetic handset, which also holds the handset in place. The phones can be mounted in our optional mounting box and frame for easy installation or may be installed in your custom designed enclosure. Our SSP-371 telephones provide reliable and durable communication that is Built to Last!

The SSP-371-F Telephone is a special service telephone designed for ATM, elevator installations, Kiosks or any other locations that require recessed mounting phone. The SSP-371-F is equipped with a durable stainless steel panel and chrome tone dial keypad with a 5' industrial coiled cord handset, and magnetic hookswitch actuated by a magnet in the handset when placed in on-hook.	The SSP-371-D Telephone is an autodial operation designed to be installed in recessed mounting locations, and still be attractive and vandal resistant. The phone is equipped with an automatic tone dialer and a magnetic industrial coiled cord handset. Each time the handset is lifted, the phone automatically dials a preprogrammed number of up to eleven (11) digits in length.	The SSP-371-X Telephone is a special service, manual ring-down operation designed for areas where a telephone must be both attractive and sturdy for unique locations that require recessed mounting. The SSP-371-X will accept incoming calls and is designed to provide direct connect or ring-down communication.	The SSP-373-F-371-011/012 telephone comes with the mounting box and frame for an attractive mounting option and is equipped with chrome tone dial keypad, magnetic industrial coiled cord handset and smart features to include the speed dial, call restrictions, time-out feature, and prefix dialing.	The SSP-373-D-371-011/012 telephone comes with the mounting box and frame for an attractive mounting option and is equipped with magnetic industrial coiled cord handset and smart features to include anti fraud single number automatic dialer which dials up to 25 digits, plus optional prefix dialing or other access number.
