

SSW-321-F TELEPHONE

Stainless Steel, Vandal Resistant, Rugged Telephones Built to Last

The CEECO SSW-321-F telephone was specifically designed to withstand vandalism and high use. These phones are commonly used in areas such as prisons, psychiatric institutions, dormitories and other locations that require a courtesy, security, or public telephone. This sturdy and attractive unit is constructed of rugged stainless steel and equipped with vandal resistant marine quality chrome hookswitch and tone dial. The armored cord handset is designed with steel lanyard and swivel as well as installed with tamper resistant security screws for added strength. *(Please note security tool is required for installation)*

PRODUCT MANUALS WITH FULL FEATURES AND FUNCTIONS AVAILABLE UPON REQUEST

				
SSW-321-F	SSW-321-F-M-IVC	SSW-321-F-M-ACH12	SSW-321-F-RIL	SSW-321-F-M-IVC-RIS
Our standard vandal resistant, mini stainless steel wall telephone models with chrome tone keypad, 32" armored cord handset with steel lanyard, and backplate, are specifically designed for areas subject to high vandalism and abuse.	The SSW-321-F-M-IVC model is equipped with the sealed magnetic hookswitch (M) & internal volume control with background noise reduction button on the face of the housing (IVC). This is commonly used in busy or noisy areas.	The SSW-321-F-M-ACH12 model with the magnetic hookswitch (M) and 12" armored cord handset (ACH12) is widely used in mental institutes or places where the need for minimal moveable parts & shorter cords are necessary to reduce abuse to the unit and	The SSW-321-F-RIL model with a Ring Indicator Light (RIL) is popular in noisy areas where it is necessary to visually see the phone ringing such as dormitory hallways, distribution, and manufacturing facilities.	The SSW-321-F-M-IVC-RIS model with the magnetic hookswitch (M), internal volume control (IVC) and Ring Indicator Strobe Light (RIS) is widely used where locations recognition of phone activation is imperative, such as gas stations, airports, and other critical areas.
