

# WPP-331-D TELEPHONE

## Weatherproof, Vandal Resistant, Rugged Telephones Built to Last

CEECO model WPP-331-D is a Vandal Resistant Weatherproof Telephone equipped with an ATD-11 automatic tone dialer that will dial a single number of up to eleven (11) digits which is activated by hookswitch closure. The telephone is also equipped with hearing aid armored cord handset, and a die casted chrome plated mechanical hookswitch and cradle enclosed in a rugged cast aluminum housing built to withstand adverse weather conditions, as well as indoor environments that need added protection. The telephone panel is constructed of high grade stainless steel to guard against rust and corrosion, and the electrical components are coated for moisture protection. CEECO's weatherproof telephones are designed to prevent contamination from dust, moisture, solvents and other environmental conditions.

Made in the USA
