

## RECESS MOUNT PANEL TELEPHONES

### 371 & 373 STAINLESS STEEL PANEL TELEPHONES

CEECO's SSP-371 Series unique design make this telephone a perfect fit for applications that require a recess mount or slant mount telephone. Our SSP-371 Series is popular for Elevators, Kiosks, ATMs, Baggage Claim Terminals, and other customer service locations that require a recessed flush mount phone. This series is equipped with a durable stainless steel panel and hearing aid compatible, industrial grade coiled cord handset. The SSP-371 series uniquely designed magnetic hookswitch is activated by a magnetic handset, which also holds the handset in place. The phones can be mounted in our optional mounting box and frame for easy installation or may be installed in your custom designed enclosure. Our SSP-371 telephones provide reliable and durable communication that is **Built to Last!**
