The CEECO WPP 331 Series, Vandal Resistant, Weatherproof Telephone enclosed in a rugged cast aluminum housing with an 18” armored cord handset, is built to withstand adverse weather conditions, as well as indoor environments that need that added protection. Installed inside the housing is a high grade stainless steel panel to eliminate rust and corrosion and to provide an attractive finish. The telephone is equipped with tamper resistant hardware to protect it from vandalism and theft as well as over-voltage protection to help guard against surging that might be generated by various conditions and weather.
