

SSP-311-D SPECIFICATIONS

STAINLESS STEEL AUTODIAL TELEPHONE PANEL WITH HANDSET

Standard Analog Power, but also available in VoIP versions

Durable stainless steel flush mount panel telephone that will automatically dial a preprogrammed number from 1-11 digits when the handset is lifted off-hook. Equipped with marine quality chrome mechanical hookswitch, ID window or optional (-IVC) pushbutton volume control with background noise reduction, and 32" hearing aid compatible armored cord handset. Telephone can be flush mounted or installed in our 331-005 weatherproof or 331-HOB weather resistant housing.
